

Joining the choir in Sixth Form

We welcome singers to join the choir when they enter Year 12 and want to explore opportunities to regularly sing at high levels. Perhaps you are interested in a university choral scholarship or simply love singing and want a chance to regularly perform. Joining the choir at Year 12 allows you the opportunity of singing with the Adult Choir on a full-time basis (or as much as academic commitments allow).

Singing with the St Luke's Choir is an ideal way of improving sight-reading and musicianship when considering university choral and music scholarships. Students also find the choir a great place to meet like-minded teenagers who also share a love of singing (or socializing with some singing on the side!).
